

Research on the Social and Environmental Factors on Worker's Food Safety Practices in Hospital and Prison Cafeterias

Letter of Consent for Employee Interviewees

I have read the letter of introduction and I agree to take part in the survey. I give my permission to have my comments recorded on the survey form under the terms outlined in the Letter of Introduction. I understand that my responses will be kept strictly confidential, and that neither my name, the names of co-workers and/or managers, nor the name of the place where I work will be identified in any report or communication that uses information from this research. I also understand that if I have any concerns, I may discontinue my participation at any time during the interview. I also understand that if I have any concerns I may contact the principle investigator, Dr. John Doe at Concordia University of Edmonton at (780) _____ or by e-mail at
